Public Consultation #2
Bleams Road Improvements,
West of Fischer-Hallman Road to Trussler Road, Kitchener

August 15, 2022

Hello,

The Region of Waterloo is looking to improve Bleams Road from just west of Fischer-Hallman Road to Trussler Road in the City of Kitchener. In addition to removing the ditches and constructing storm sewers, this project addresses the deteriorating roadway, while also providing intersection improvements along with cycling and pedestrian facilities to accommodate development along Bleams Road. We expect construction to start in 2024 and take two years to complete.

After the first public consultation for this project (PCC#1), which was held from February 14 to March 7, 2022, the project team re-evaluated the possible solutions for road improvements along with the transportation/traffic analysis. The outcome of the review combined with input received from PCC#1 has resulted in a preferred design of four roundabouts on Bleams Road at each of the key intersections of Trussler Road, Isaiah Drive, Donnenwerth Drive/Amand Drive, and Commonwealth Drive/Abram Clemens Drive.

Save the date!

We have scheduled a second virtual engagement opportunity from August 15 to September 12, 2022. At this second public consultation, you will be able to view information about the project as well as view and comment on the project team's preferred design. Please visit our engagewr.ca/bleams-rd project page to provide input and ask questions.

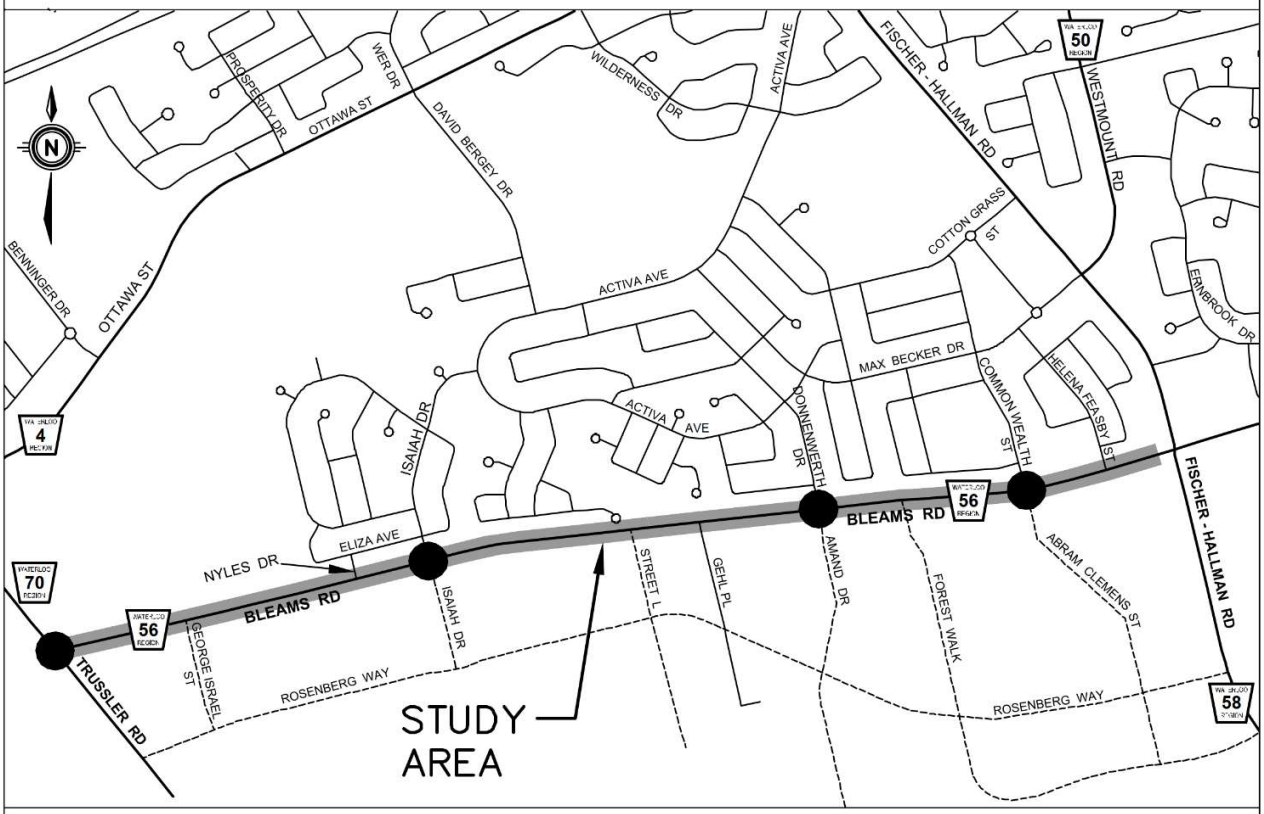

Please subscribe to our project page for updates and engagement notifications. You can contact us with any comments or questions as well.
